TANDEM GLIDING

Tandem Aero-tow instruction is when the student and instructor are hooked in to the hang glider together and then towed to an altitude by an ultralight plane. This plane is designed specifically to tow hang gliders safely to high altitudes. The hang glider is equipped with wheels for an easy launch and landing. This is the most state-of-the-art training available, and is perfect for students who want to get an overall perspective of the sport and a bird's eye view of our coastline above the Currituck sound. No experience necessary and is handicapped accessible.

First time students and those already in training make rapid progress in this program. No training hill required. Tandem Aero-tow instruction is perfect for students who want an accelerated path to solo flight. It's a good way to learn to coordinate turns, control air speed, make an approach and land the glider. Advanced thermal training is also available. Don't pass up this opportunity to fly with the birds over the most beautiful barrier islands in the east.

EXPLORE THE OUTER BANKS WITH KITTY HAWK KITES:

Discover the unique eco-system and natural history of the Outer Banks with the area's leader in eco-tourism, Kitty Hawk Kites. We are proud to offer the largest selection of kayak locations on the Outer Banks. Our destination variety extends from Corolla to Ocracoke. Coming on a tour with KHK Kayaking requires 'no previous experience.' We offer a variety of types of tours to meet all interests such as Ecology and Natural History Tours, Pirates Tours for the whole family, and Specialized Skills Instruction. Our guides meet you on-site with all the necessary equipment. Single and double boats are available. Our guided eco-tours on calm and relaxing sounds, salt marshes, and bays allow you to see a side of the Outer Banks that most never get a chance to see. Come with us for an unforgettable adventure in one of our world-class destinations on the Outer Banks.

NORTHERN BEACHES:

Corolla Eco Tour

Come check out the most beautiful place to paddle in Corolla. Paddle around the sheltered islands, bays and canals of the Currituck Sound. Launch from Timbuck II shopping center and cruise around at a leisurely pace. See snowy egrets, great blue herons, and the occasional river otter. A great place to watch the sunset as well or check out the full moon at night. This tour is offered daily between Memorial Day and Labor Day at 7 AM, 10AM, and 6 PM.

Rates (per person): **Adults \$45 • Children \$25**

CENTRAL BEACHES:

Kitty Hawk Bay Tour • \$39 (pm & sunset)

Paddle through narrow canals and the open water of Kitty Hawk Bay. Experience these treasured marshes and the abundance of wildlife found within them. Bald eagles, egrets, osprey and otter are just a few of the animals you may encounter on this tour. Come experience the beauty of your surroundings and maybe catch a sunset with us. This is where Wilbur Wright first arrived in September 1900.

Safari River Maritime Forest Tour • \$39 (am)

This tour takes you through what is known as the "Amazon" of the Outer Banks. You will paddle through an amber colored creek under the canopy of maritime forests. In addition to incredible vegetation you will encounter some interesting wildlife along the way. This is a great adventure for beginners.

Roanoke Island & Lost Colony • \$34 (am & pm)

Tour through the waters where the English settlers came in 1587. Hear the history of the Lost Colony while paddling past the Elizabeth II and into historic marsh canals leading to the Roanoke Sound. Come paddle through these canals richly inhabited by wildlife such as turtles and egrets and hear tales of the pirate history surrounding the Outer Banks.

Alligator River Adventure Tour • \$49 (am)

Make this one of your most memorable and picturesque kayak tours as you follow your kayak guide through stretches of lily pads, open lakes and narrow creeks that wind through a forest of cedar and cypress trees. The variety of wildlife is unique in this area; one can see turtles, frogs, and a diverse array of birds like herons, egrets, woodpeckers, and even possibly a bald eagle. Come with us and search for American Alligators large and small as you enjoy the ever-changing landscapes.

Bodie Island Tour • \$39 (am & sunset)

Come explore the pristine waters of the Cape Hatteras National Seashore. This tour is rich with wildlife and history. Wind your way through mazes of marshes and take advantage of a spectacular sunset over the Roanoke Sound.

SPECIALTY TOURS & PACKAGES:

Blackbeard's Pirate Kayak Tour

Explore the Outer Banks with the entire family as you search for treasure with Blackbeard's treasure map. Our guides tour you along the route that Blackbeard's crew once traveled, while telling stories of Pirate History. Enjoy this family-friendly tour, and practice your pirate talk, ARGHHHH!!

Rates (per person): **Adults \$39 • Children \$25**

Bioluminescence/Moonlight Tour • \$44 (pm)

The light of the moon dancing over the water is a performance that you do not want to miss. The opportunity to view wildlife at night is a treat few get to experience so intimately. Lets be guided by the light of the moon. When the moon is not full, the bioluminescence come alive. This magical phenomenon can only be seen in certain parts of the world and must be seen to be believed.

May-Sept after sunset.

Air & Sea Package • \$125

KITEBOARDING

THE PERFECT KITEBOARDING

KITEBOARDING LESSONS

STEP ONE

The Way to Fly Lesson • 6 Hours • \$400

This is a comprehensive course designed for those that want to learn to ride and have never taken a kiteboarding lesson! This course includes the 3 hr First Water Kiteboarding Course and the 3 hr First Water Start Kiteboarding Course.

First Water Kiteboarding Course • 3 hrs • \$200 Beginner Lesson Part 1

We pioneered kiteboarding instruction back in 1999 and we continue to develop new teaching techniques to teach you how to kiteboard faster, safer, and in less time! The First Water Course is designed to teach you the fundamentals of kiteboarding; How to be safe, choosing the right kite size, understanding wind speed & direction, rigging your own equipment, launch & land, learn basic kite control, water relaunch the kite, and to master the “sheeting” or “de-powering of today’s kiteboarding kites. You will be in the water and ultimately learning to body surf with a kiteboard while “sheeting” the kite to control its power.

First Water Start Kiteboarding Course • 3 hrs • \$200 Beginner Lesson Part 1

Take your foundation skills of kite control and combine them with board balance on the kiteboard for your first exciting water starts. The focus of this course is to understand how to create more and less power with the kite through various “power strokes” to get just the right amount of power for the waterstart. Learn techniques for putting on the kiteboard with the kite in the air, learn body positioning and how it effects the waterstart, & learn the board position relative to the kites position and the wind! Self rescue and self exits will be practiced. The goal is a solid foundation of understanding and learning the basic water starts on the kiteboard.

STEP TWO

Private Kiteboarding Course • 3 hrs • \$300

Fully customized around your goals to take your kiteboarding to the next level. Perfect for the next step after the Way to Fly Course or for ANY skill level! Extend your riding! Now that you have the basics fine tune your board, body, and kite placement to get you riding in both directions! Learn to ride upwind, or master that next trick! All of our instructors are top level kiteboarders and can teach any level of kiteboarding. Private lessons include the use of our massive array of school equipment, full watercraft support, and our expert instruction!

Semi-Private Kiteboarding Course • 3 hrs • \$200 (each) (3 hours, 1pm-4pm or 5pm-8pm).

Bring a friend and share the lesson and you save \$100.00 each off the price of our private lessons. You will share one kite and one instructor. Can be customized to fit any level of kiteboarder. Includes the use of our massive array of school equipment, full watercraft support, and our expert instruction!
